

### **2018 Seal Beach Classic Car Show**

Once again, as the Chairperson of the 2018 Seal Beach Classic Car Show and as the current Chamber of Commerce President, I just wanted to thank each and every one of you for your tremendous help and contribution to the 2018 Car Show. I don't know how many people we had in the crowd, but it certainly seemed like the crowds were as big as ever. The weather was perfect, and it seemed like we had fewer issues than normal, and no incidents needing police assistance, which is a remarkable feat in itself in this day and age.

We truly appreciate the overt and covert support the Police Department supplied leading up to the Show and all day at the Show, along with all the City employees and first responders who contributed to a fabulous day. Please extend this email to whomever also helped you and your team, and anyone I missed.

Any feedback is always welcome as to how we can improve the show. I would like to thank Tim Way, the Vice-Chair of the show specifically, as he did so much to contribute to the show's planning and organization, along with our Chamber Director of Operations, McKenze Treasure.

### **2019 Seal Beach Classic Car Show**

We are already planning the 2019 Show. We have already filled 80% of the spots for the show, and we already have our title sponsor, Original Parts Group, Inc. We have already selected our featured car for the t-shirts and posters.

The 2019 Show will be held on April 27, 2019. If you want to enter a car in the show, have a vendor booth, or volunteer or be a sponsor, call the Chamber office soon. In addition, for the first time, we will have a very special Ferrari corral, featuring cars of several decades from the iconic manufacturer, from local OC and LA owners.

Thank you,

Scott L. Levitt,  
Seal Beach Chamber of Commerce President
