Governmental Affairs Committee Mission Statement:

To inform, educate, engage and advocate for the Seal Beach Business Community regarding relevant public policy.

Objectives:

The Seal Beach Chamber of Commerce Governmental Affairs Committee (GAC) is committed to inform and educate the businesses of Seal Beach regarding relevant legislative and regulatory issues. The Seal Beach Chamber GAC's fundamental role includes advocating the views of the business community to our elected officials on public policy and legislation on the local, state and federal level that might have an impact on the business community. The GAC is a dynamic volunteer committee of business leaders who meet quarterly to guide the Seal Beach Chamber in its public policy positions, such as representing the best interests of business through candidate forums, public policy speakers and providing grassroots network support. It is essential that local government adopt a pro-business culture that promotes the growth of business and expedites its development.
